

Join us for a floral demonstration & chance to win the centerpiece designed by
ÁNGEL DÍAZ

Ángel Díaz lives his American dream by creating and sharing his lifestyle shop, The Centerpiece Flower Shop. As a youngster in Venezuela, lovingly caring for his grandmother's garden, with an abundant collection of plants and beautiful blooms, a life-long connection to the unique beauty of flowers began.

Boston Magazine named his business the best floral shop in the city with their "Best of Boston" award just a couple of years after opening. One year later their larger showroom space opened in Roslindale Square, allowing him to expand on his dream and create a community space to host Artist Residencies, floral design s terrarium-building workshops, plant swaps, s open houses, all accompanied with inspiration.

"Our creations aren't just about simple floral arrangements but are statements of love and affection... flowers reflect the beauty of the connections we have with those we love." ~ Ángel Díaz

This will be a floral demonstration and a chance to win the arrangement.
