We Want You to Gain New Members in Your Clubs!

“Why Do We Want New Members?” you might ask.

New Members

- Become new friends,
- Add diversity to our membership,
- Remind us how proud we are of our accomplishments,
- Increase our visibility to our communities,
- Share our passion,
- Increase our club's energy,
- Become our future leaders,
- Bring in more new members.

You see how very vital new members are!

Without New Members, our current members will eventually

- Get ill or pass away,
- Get tired,
- Lose interest,
- Will no longer remain involved.

And the main reason will be that they no longer receive the same benefits that brought them to our club in the first place!

**Garden Club Members Want to Have Fun, Learn New Things,
Fulfill a Mission, and Make a Positive Difference in our Communities!**

Most of our garden clubs have been making that difference in our members' lives and in the communities in which they live for many years – our earliest state garden club was organized in 1924. Most likely, someone in your past was a proud member of a garden club - possibly a parent, grandparent, great-grandparent, and/or family friends.

In Fairbanks, Alaska, in the early 1960's, a member of our Fairbanks Garden Club feared that a special wild area not too far from town would be divided up into homesites. She took it upon herself to reach out to everyone she knew and petitioned the Alaska Legislature to save part of this wild area. **They couldn't help but listen!** In 1967, they designated 15,360 acres for the Chena River State Recreation Area. In 1975, they designated an additional 240,000 acres.

Garden Club members are fearless and passionate for what they believe! There are stories just like this all over our country. We are called by many “The Conscience of America”.

**Our numbers are dwindling and it's time to act! Is it worth it to nurture and grow your clubs?
Are we worth saving? YOU BETCHA!**

Do you hope today's children grow up feeling good about flowers and butterflies and birds?
