

Nurture Nature

Monday Memo AMENDED

September 4, 2023

Hello Everyone,

Our New England Regional Conference in Plymouth is happening October 10-11th and plans are underway. Vendors have been secured, it's a lovely time of year to visit Plymouth, lots to do and see, and we would love to see you there in attendance. We would appreciate it if you could put this flier in your newsletter and talk it up at your club meeting. We have good vendors coming and the Spearhead Guy is giving out a discount and no shipping costs if you pick up your shovel at the conference. So don't miss out! Please check out the GCFM website for the brochure to register and check out our latest flier [HERE](#)

The link to the brochure appears to be working in this flier. You can also find it on our GCFM website.

Enjoy each day.

Marjorie Dienhart

Keep close to Nature's Heart. ~ John Muir
