2025 STUDY GROUPS FOR DESIGN AND HORTICULTURE SHOWING

Bring Your Design to a Practice Judging Event

These free Study Groups are open to any member of a Garden Club who wishes to expand their knowledge in Design and Horticulture. Participants would bring a design and/or horticulture for a panel of judges and student judges to critique. The is not a hands-on workshop.

There will be two dates this year: March 4th and June 17th. Both study groups will be held at Coolidge Hall.

SECOND EVENT: June 17, 2025: 10:00 – 11:30
Coolidge Hall, 207 Boston Street, Topsfield, MA

Participants are encouraged to bring a design and/or horticulture, but it is not required. If you would like to come to learn and observe, please join us!

Design classes - All designs will be placed on a table.

PARALLEL DESIGN A design consisting of three (3) or more groupings of plant material and optional components with a strong parallel placement in a single container and/or base.

TUBULAR DESIGN A Creative Design having dominant cylindrical forms throughout, composed of any material. Plant material and other optional components complete the design.

HORTICULTURE
Evergreen Friends
Evergreen Shrub Branches, Foliage, or Fruited or Coned
One cut specimen maximum length 30", minimum length 12". Each branch must include several nodes and an apical tip.
Buxus (Boxwood)
Ilex (Holly)
Rhododendron
Any other Worthy Specimen

All are welcome to come, learn, and have fun!
