## Blue Star Garden Sun and Shade Plant List

### NOTES:

- All plants need water often the first year to get established.
- Annuals can be used too, such as geraniums, petunias, pansies, lobelia, ageratum, these are just a few suggestions.
- Color theme can be red, white and blue, amber waves of grain, purple mountains majesty, from sea to shining sea, amber wave-grasses
- Purple mountains-deep purple leafed Weigela, deep purple lilies, Iris
- Sea to shining sea-catmint, blue annuals, salvia, blue Hosta leaves(more shade the more the leaf will stay a blue hue).

I tried to represent our whole country side in landscape design with colorful attractive plant material with a theme. These gardens and Plaque include all our servicemen and women past, present, and future.
